

During student teaching, teacher education candidates teach a unit that demonstrates a positive impact on student learning. Results of this unit are shown in the tables below for student teachers during the Fall 2018 and Spring 2019 semesters.

Fall 2018 – Impact on Student Learning Data

	Percentage of Increase
Elementary	Overall: 149.95%
Elementary	Overall: 42%
Elementary	Overall: 76.92%
Elementary	Overall: 63%
Elementary*	Goal 1: 214% Goal 2: 191%
	Average Percentage of Increase: 106.874%
K-12: PE	Overall: 43.7%
K-12: PE	Overall: 11.76%
	Average Percentage of Increase: 27.73%
Secondary: Math	Overall: 265%
Secondary: Chemistry	Overall: 215%
Secondary: Chemistry	Overall: 84.6%
Secondary: Social Science	Overall: 56.94%
	Average Percentage of Increase: 155.385%

*Students utilized separate pre/post assessments and did not combine the data. Averaged to get overall score for average of all candidates.

Spring 2019 – Impact on Student Learning Data

	Percentage of Increase
Elementary*	Goal 1: 108% Goal 2: 58%
Elementary	Overall: 30.99%
Elementary	Overall: 65.5%
Elementary	Overall: 4.55%
Elementary*	Goal 1: 35.71% Goal 2: 155% Goal 3: 148.65%
Elementary	Overall: 310.2%
Elementary	Overall: 41.29%
	Average Percentage of Increase: 92.66%
K-12: PE	Overall: 19.4%
K-12: Art*	Goal 1: 12% Goal 2: 90.88%
K-12: Music	Overall: 32%
	Average Percentage of Increase: 34.28%
Secondary: Social Science	Overall: 61%
Secondary: Mathematics	Overall: 657%
Secondary: Mathematics*	Goal 1: 92% Goal 2: 239% Goal 3: 124% Goal 4: 337%
Secondary: English	Overall: 29.68%
Secondary: Business	Overall: 66.15%
	Average Percentage of Increase: 179.616%

*Students utilized separate pre/post assessments and did not combine the data. Averaged to get overall score for average of all candidates.
